

Funding Program Outline

From £15 million to £3 billion

providing finance for value added projects in the UK and internationally

Key Points

Established and with a track record our Lender has substantial financial resources from which they offer debt finance to projects internationally. Allied to this is the Specialist Consultancy division who can arrange finance products related to project finance, such as insurance and in some cases equity.

Access to

- significant funds, including sovereign, private banking
- funds raised from the capital markets.
- loan finance for acquisition and construction in the following sectors:
 - Infrastructure (energy, ports, buildings)
 - Commercial
 - Retail
 - Residential
 - Hospitality
- Up to 90% of GDC (Gross Development Costs)
- Maximum 75% of GDV (Gross Development Value).
- 100% finance can be provided subject to project merit and acceptable security.
